

APAC FX Trade Ideas Disclosures

BNY is the corporate brand of The Bank of New York Mellon Corporation and may be used as a generic term to reference the corporation as a whole and/or its various group entities.

You must make your own, independent decision to enter into an FX derivative with BNY, and determine whether the FX transaction is suitable for you, based on your own judgment and the advice of appropriate advisors in the context of your circumstances as you deem fit before acting in any manner on this material or agreeing to use any of the referenced products or services, as applicable, and make your own independent assessment (based on such advice) as to whether the referenced products or services are appropriate or suitable for you.

Before entering into any FX transactions, including FX derivatives, you (or any agent you employ for such purpose) should conduct a thorough and independent evaluation of the terms of the FX transaction in light of your particular circumstances and the nature and extent of your exposure to risk. You should also consider whether the FX transaction is appropriate for you in light of your experience, objectives, financial and operational resources and other relevant circumstances. If you are acting as an advisor or agent, you should evaluate these considerations in light of circumstances applicable to your principal and the scope of your authority.

This material has been prepared by members of the sales and/or trading department. The content does not constitute investment research or a research report, and is not produced or distributed by any strategy department, by any research department or any registered research analysts. Any opinions expressed are solely those of the author, who is a member of either a BNY FX Sales or Trading desk and may differ from opinions expressed by BNY strategy department or any research department/registered research analysts. The author may have consulted with various FX sales or Trading desks while preparing this material and Trading desk may have accumulated positions in the financial instrument or related derivatives products that are subject of this material. The material has not been prepared in accordance with legal requirements to promote the independence of research, including but not limited to, the prohibition on dealing ahead of dissemination of investment research. This material is intended for use by Institutional Investors/Professional Investors (as defined under the Securities and Futures Act or the Securities and Futures Ordinance respectively) that are located in Singapore or Hong Kong. Persons who do not have professional experience in matters relating to investments should not rely on this material.

This material is confidential and is intended for your sole use. You may not disclose, reproduce or disseminate this material in any form without the express prior written permission of BNY. Trademarks, service marks, logos and other intellectual property marks belong to their respective owners.

This material is for general information purposes only and is not intended to provide or be construed as legal, tax, accounting, investment, financial or other professional advice on any matter. This material may not be comprehensive or up to date and there is no undertaking as to the accuracy, timeliness, completeness or fitness for a particular purpose of information given. BNY will not be responsible for updating any information contained within this material and opinions and information contained herein are subject to change without notice. Neither BNY nor any of its directors, officers, employees,

representatives, or agents assumes direct or consequential liability for any errors in or reliance upon this material, to the fullest extent allowed by law.

Past performance is not a guide to future performance of any instrument, transaction or financial structure and a loss of original capital may occur. Predictions, opinions, and other information contained in this material are subject to change continually and without notice of any kind and may no longer be true after the date indicated. Any forward-looking statements speak only as of the date they are made, and BNY assumes no duty to and does not undertake and update forward-looking statements. Forward-looking statements are subject to numerous assumptions, risks, and uncertainties, which change over time. Actual results could differ materially from those anticipated in forward-looking statements. The value of any investment may also fluctuate as a result of market changes.

This material may not be distributed or used for the purpose of providing any referenced products or services or making any offers or solicitations in any jurisdiction or in any circumstances in which such products, services, offers or solicitations are unlawful or not authorized, or where there would be, by virtue of such distribution, new or additional registration requirements.

Calls and communications with BNY may be recorded, for regulatory and other reasons.

FX Specific Disclosures

BNY Mellon (including its broker-dealer affiliates) may have long or short positions in any currency, derivative or instrument discussed herein. BNY Mellon has included data in this material from information generally available to the public from sources believed to be reliable. Any price or other data used for illustrative purposes may not reflect actual current conditions. No representations or warranties are made, and BNY Mellon assumes no liability, as to the suitability of any products and services described herein for any particular purpose or the accuracy or completeness of any information or data contained in this material. Price and other data are subject to change at any time without notice.

Investment in any floating rate instrument presents unique risks, including the discontinuation of the floating rate reference or any successors or fallbacks thereto. BNY Mellon does not guarantee and is not responsible for the availability or continued existence of a floating rate reference associated with any particular instrument. Before investing in any floating rate instrument, please evaluate the risks independently with your financial, tax and other advisors as you deem necessary.
