What were the Fund’s costs for the last year?

(based on a hypothetical \$10,000 investment)

Share Class	Costs of a \$10,000 investment	Costs paid as a percentage of a \$10,000 investment
Investor Shares*	\$66	0.60%

* During the period, fees were waived and/or expenses reimbursed pursuant to an agreement with the Fund’s investment adviser, BNY Mellon Investment Adviser, Inc.

How did the Fund perform last year?

- For the 12-month period ended October 31, 2024, the Fund’s Investor Shares shares returned 21.33%.
- In comparison, the MSCI EAFE® Index (the “Index”) returned 22.97% for the same period.

What affected the Fund’s performance?

- International developed-markets stocks generally rose during the period due to moderating inflation and easing central bank policies.
- All sectors except energy produced positive returns, with financials, industrials and information technology outperforming by the greatest margin.
- All countries except Portugal generated positive performance, with Japan, the UK and Germany delivering the strongest gains.
- Relatively weak returns were produced by the energy, consumer staples and consumer discretionary sectors, and by Portugal, New Zealand and Norway.
- The difference in returns between the Fund and the Index resulted primarily from transaction costs and operating expenses that are not reflected in Index results.

How did the Fund perform over the past 10 years?

The Fund's past performance is not a good predictor of the Fund's future performance. The graph and table do not reflect the deduction of taxes that a shareholder would pay on fund distributions or redemption of fund shares.

Cumulative Performance from November 1, 2014 through October 31, 2024 Initial Investment of \$10,000

The above graph compares a hypothetical \$10,000 investment in the Fund's Investor Shares shares to a hypothetical investment of \$10,000 made in the MSCI EAFE® Index (the "Index") on 10/31/2014. The performance shown takes into account applicable fees and expenses of the Fund, including management fees and other expenses. The Fund's performance also assumes the reinvestment of dividends and capital gains. Unlike the Fund, the Index is not subject to charges, fees and other expenses. Investors cannot invest directly in any index.
