What were the Fund’s costs for the last year?

(based on a hypothetical \$10,000 investment)

Share Class	Costs of a \$10,000 investment	Costs paid as a percentage of a \$10,000 investment
Class I*	\$24	0.20%

* During the period, fees were waived and/or expenses reimbursed pursuant to an agreement with the Fund’s investment adviser, BNY Mellon Investment Adviser, Inc.

How did the Fund perform last year?

- For the 12-month period ended October 31, 2024, the Fund’s shares returned 37.72%.
- In comparison, the S&P 500® Index (the “Index”) returned 38.00% for the same period.

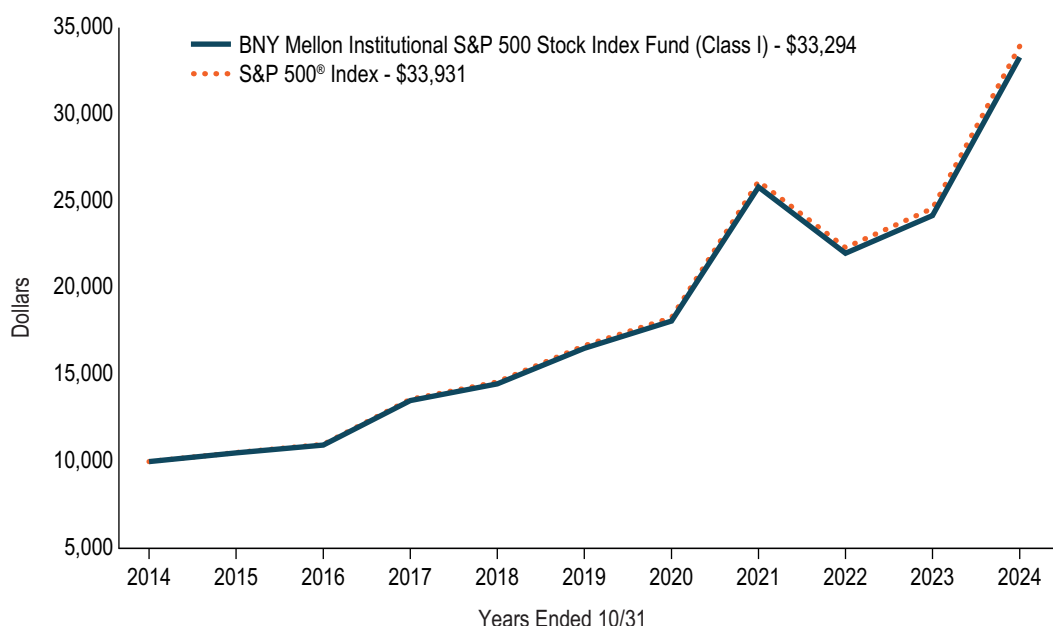

What affected the Fund’s performance?

- Large-cap U.S. stocks generally rose during the period due to moderating inflation, low unemployment and positive corporate outlooks as the U.S. Federal Reserve began to cut interest rates.
- Gains were led by growth-oriented technology-related shares powered by interest in artificial intelligence developments.
- All sectors produced positive returns, with information technology, communication services and financials outperforming by the greatest margin.
- Relatively weak returns were produced by the energy, health care and consumer staples sectors.
- The difference in returns between the fund and the Index resulted primarily from transaction costs and operating expenses that are not reflected in Index results.

How did the Fund perform over the past 10 years?

The Fund's past performance is not a good predictor of the Fund's future performance. The graph and table do not reflect the deduction of taxes that a shareholder would pay on fund distributions or redemption of fund shares.

Cumulative Performance from November 1, 2014 through October 31, 2024 Initial Investment of \$10,000

The above graph compares a hypothetical \$10,000 investment in the Fund's Class I shares to a hypothetical investment of \$10,000 made in the S&P 500® Index (the "Index") on 10/31/2014. The performance shown takes into account applicable fees and expenses of the Fund, including management fees and other expenses. The Fund's performance also assumes the reinvestment of dividends and capital gains. Unlike the Fund, the Index is not subject to charges, fees and other expenses. Investors cannot invest directly in any index.
